

New Benefit for Medicare Certified Providers

Home health agencies need timely data reports that contain tangible operational value. In a joint effort, **The Council of State Home Care Associations, Inc. and the California Association for Health Services At Home** have partnered with several vendor organizations including, Outcome Concept Systems, Inc., Lewis, Inc., Strategic Healthcare Programs, and BKD Health Care Group to provide CAHSAH Medicare Certified members with data reports that will provide this assistance.

These reports will be distributed quarterly, free of charge via email. You will find these to be useful in comparing your scores to the state and national averages.

Here are some details about the reports you will receive.

Lewis Report: Dashboard Home Health Quality Indicators

BKD Report: Cost Report Data

OCS/SHP Report: Key OASIS Statistics

The Council and the California Association for Health Services At Home both sincerely hope you find these data reports useful. Again, there is no charge for these reports – they are a member benefit of CAHSAH.

If you have any questions, please contact Michele Lander at (916) 641-5795, ext. 129 or mlander@cahsah.org.
