ADVANCED HOSPICE ADMINISTRATOR CERTIFICATE PROGRAM

The Advanced Hospice Administrator Certificate Program uses a case study approach, popular with business schools, to enhance the basic information you have learned in your current role, or perhaps while attending the introductory Hospice Administrator Certificate Program. Each day offers you opportunities to listen to an expert in strategic, financial, or legal issues, then move on to the actual implementation analysis of a particular topic. This engaging format allows for point/counter-point discussions with the expert speakers and your hospice colleagues throughout each day.

The three-day advanced curriculum is designed to move you upstream to a new level of understanding to go beyond the basics. The AHACP is a three module curriculum:

- 1. Advanced Hospice Strategic Positioning:**
Now You Know What To Do; How Do You Do It?
- 2. Advanced Financial Management:**
Now You Have the Strategies; How Will You Finance Them?
- 3. Advanced Legal Considerations:**
Now You Know Strategies and Financing; What are the Related Legal Issues?
