WHO SHOULD ATTEND

Basic Level: Designed for home health providers with limited knowledge of ICD-9 coding rules and minimal coding experience (or for those coders who'd like a refresher on the basics).

Intermediate Level: Designed for home health providers with basic knowledge and practical experience with ICD-9 coding.

Advanced Level: Designed for home health providers who are experienced in ICD-9 coding. This class looks at other issues beyond just describing your patient using ICD-9 codes. It is intensely interactive and includes discussions, exercises & scenarios to facilitate the integration of the multitude of guidance facing home health coders today.
